6U Division Playing Rules

The following are the special playing rules for the 6U Division only. Other than the League Operating Rules, these will be the only rules that govern the 6U Division.

1. **Uniforms:** Official CVGSL uniforms consist of league-issued team jerseys. Matching socks are recommended. Sweatshirts may be worn in cold weather. Tennis shoes or rubber cleats should be worn.
2. **Equipment:** A soft 10-inch safety ball will be the official ball used in all practices and games.
Players and “bat girls” must wear batting helmets with facemask while batting, running the bases, and in the on-deck circle. Catchers must wear head, face, throat, chest, and leg protection.
3. **Safety:** All teams must follow the CVGSL Safety Rules (League Operating Rule Section 5).
4. **Rosters:** Team rosters will have a minimum of 10 players. The 6U Division Coordinator will assign players to teams, with an emphasis by school, player ages, and equality of teams.
5. **Awards:** Player participation awards will be presented to each player at the end of the season.
6. **Field Dimensions:** Bases will be 45 feet apart and the pitching distance will be 30 feet, with an eight-foot pitching circle.
7. **Regulation Game:** A regulation game will be six innings or after 1 hour.
8. **Scoring:** There will be no official record kept of runs. There will be no standings in the 6U Division. The half inning is over when all players on the offensive team have batted once, and the ball is returned to the pitching circle. If both coaches agree the half inning can be ended after half the players have batted.
9. **Coaching:** Coaches may stand in the outfield area when their teams are in the field and can give advice and guidance, but must not interfere with play. The coach must request a timeout from the opposing coach that is pitching before attempting to demonstrate a technique or explain a play to the players during the progress of a game. Offensive coaches must coach from the coach’s boxes. The coach that is pitching cannot give verbal direction to runners while standing anywhere in fair territory.
10. **Umpires:** Coaches will act as umpires. Base coaches should make calls at first and third bases, and the coach that is pitching should make calls at second base and home. Runners that are called out on the bases are allowed to stay on the bases.
11. **Defensive Positions:** All eligible players present at the game are permitted on the field at one time. The infield should consist of a pitcher, catcher, first, second and third baseman and shortstop. The remaining players should be positioned in the outfield. All players other than the pitcher must remain at or behind the imaginary line 33 feet on each side of home plate. The player playing the pitching position must remain in the pitching circle, and behind the pitching rubber, until the ball is hit. No outs are recorded, but an out can be made by a defensive player catching a hit ball, or “tagging” a base runner.

12. **Pitching:** A rostered coach from the offensive team will pitch and will be allowed a maximum of four pitches per batter. The coach may pitch from the pitching rubber or from the bottom of the pitching circle.
13. **Batting:** All eligible players present at the game will be placed in the batting order. A five-foot arc from home plate will be drawn and a batted ball must pass this arc line or it is a foul ball. If a player has not hit the ball into fair territory after four pitches, the ball will be placed on the batting tee and the player will be allowed three swings at the tee. There will be no walks. If the ball is not put into play on the 3rd attempt, the batter is out.
14. **Base Running:** Leading off from a base is not permitted until the ball crosses home plate. Stealing and sliding are not allowed. As a courtesy, runners should not advance extra bases on overthrows.
15. **Dugout and Lineup Management:** Managers and coaches are strongly encouraged to have a defensive lineup plan for each game. This will allow the players to be positioned quickly and to begin an inning as soon as possible. The only girls that should be outside of the dugout for the offensive team are the batter, any base runners and the on-deck batter.
